

R change management – a brief overview

Dr. Andrea R. Plüss
Leiterin Statistik Aargau (STAAG)

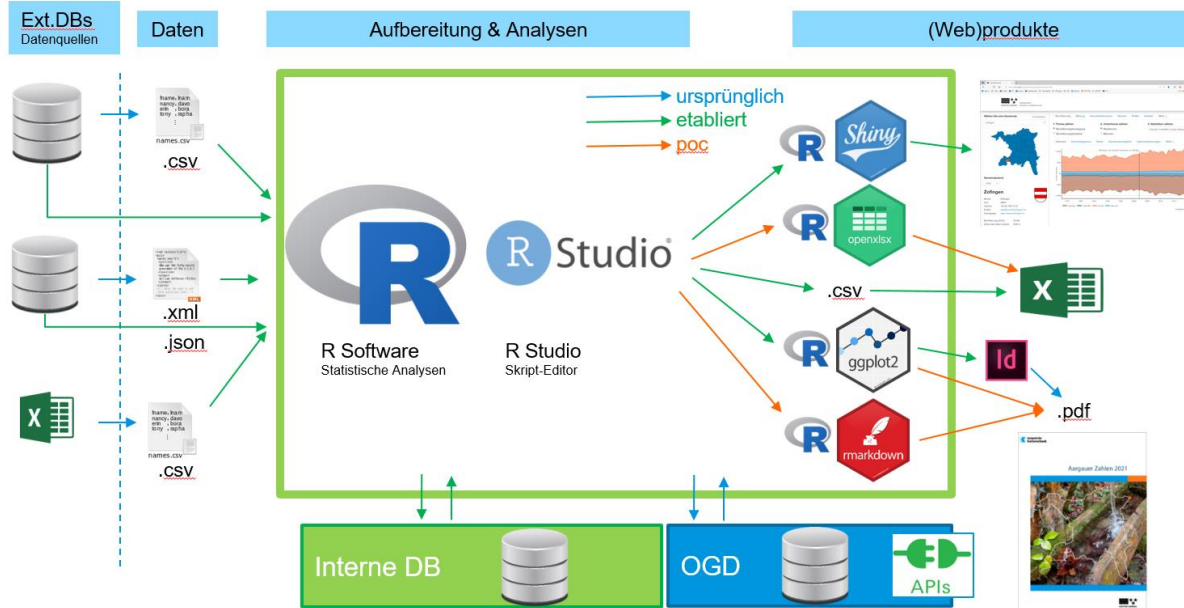

31. Mai 2022

T R ansformation

Stand 2018

Stand 2022 & erste *proof of concept* (poc)

See also [GitHub \(March 14, 2019\)](#)

Aim: Transform each statistic production process

Courses

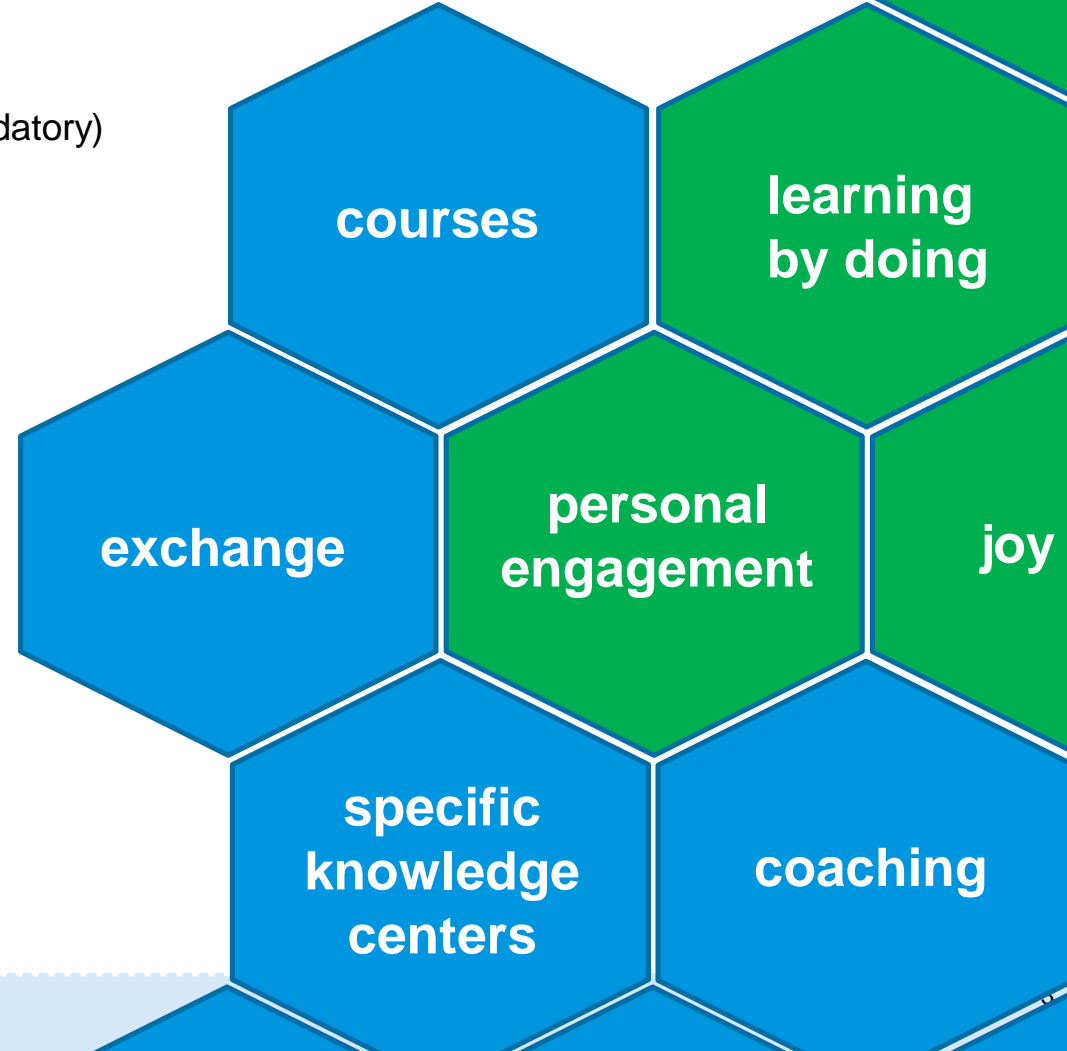

- 7 days to get acquainted with R in 2018 (mandatory)
- ½ to 1 day each year
- external courses

Specific tasks > rollout

- Graphics for publications
- Development of STAAG-internal packages
- Practica to venture into new fields (poc)

Knowledge transfer

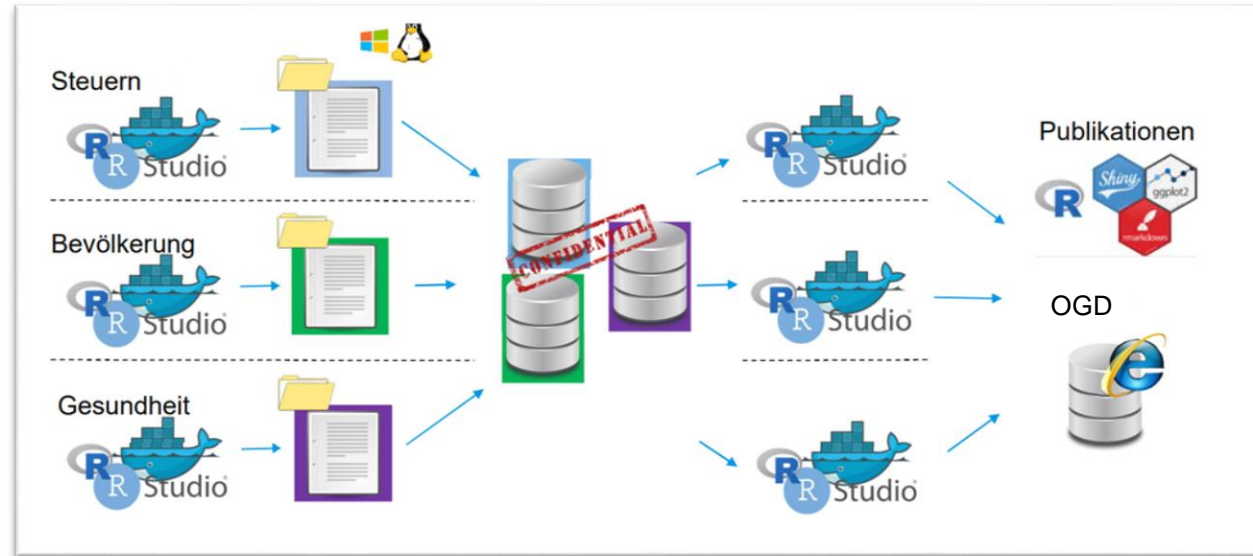

- Internal R wiki
- Presentations in our regular meetings
- eMail: R Tip of the week
- Coaching

Development of the R infrastructure

Docker

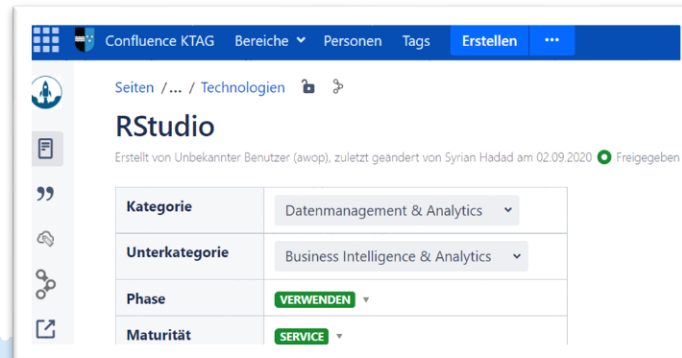

- One docker per subject
- Easy management of access rights
- Hosted by STAAG in collaboration with IT AG

Kant. Verwaltung Aargau

- R / RStudio
- R Shiny
- R courses

→ R community is growing!

Thank you...

- ... Team of Statistik Aargau
- ... IT AG
- ... community of official statistics
- ... R community

... you, for your attention!
